Cisco Discovery Networking I

Mon./Wed. - Class | Tues. - Online
March 19 - May 9, 2018
4:30-8:30 p.m.

Cabarrus Business & Technology
Center (CBTC) – Room 9104
660 Concord Pkwy N. – Concord, NC 28027
$180 Registration Fee

A Cisco Certified Entry Networking Technician (CCENT) certification opens the doors to a career in networking. Having your CCENT certification means you have what it takes to manage a small, enterprise branch network. A CCENT is an optional first step toward the Cisco Certified Network Associate (CCNA) certification and will help you stand out from the crowd in entry-level positions.

Students will receive hands-on introduction to networking and internet technologies, using tools and hardware commonly found in home and small business environments.

Course topics include basic training in:
- routing and switching
- cabling
- remote access
- IP addressing
- wireless configuration
- network security
- troubleshooting
- network services
  such as file sharing, email
  services, & related ISP services.

Prerequisites:
- Basic PC skills & an aptitude for technology
- A+ Certification or comparable experience
