

LIGHT CONSTRUCTION BUILDING TRADES

June 26 - November 15
Monday-Thursday | 8:30 a.m. - 12:30 p.m.

The Light Construction Building Trades course introduces students to construction building trades. In this course, students can expect to learn about construction safety, proper tool use, carpentry, masonry, cabinetry, drywall, building code and inspections, restoration, estimation and much more.

Students will also receive NCCER (National Center for Construction Education and Research Core Curriculum (covering basic safety, communication skills and an introduction to construction drawings), and will be eligible for the certification examination upon course completion. NCCER offers industry-recognized credentials for the construction and maintenance industries.

Carver Annex Building
551 East C Street | Kannapolis, N.C.
