

CONSTRUCTION TRADES CERTIFICATION

July 22 - November 12, 2019
Monday - Thursday | 8:30 a.m. - 12:30 p.m.

The Construction Trades Certification course introduces students to construction building trades. In this course, students can expect to learn about construction safety, proper tool use, carpentry, masonry, cabinetry, drywall, building code and inspections, restoration, estimation and much more.

Students will also receive NCCER (National Center for Construction Education and Research) Core Curriculum covering basic safety, communication skills and an introduction to construction drawings, and will be eligible for the certification examination upon course completion. NCCER offer industry-recognized credentials for the construction and maintenance industries.

Kannapolis - Carver Annex
