

Digital Photography

NCRC, KANNAPOLIS

MAR. 22-MAY 10
Thursdays, 6-9 p.m.

Room 336

Fee: \$70 + textbook

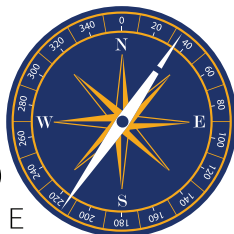

Hours: 24

Datatel #89266

This course is designed to provide instruction on the principles and application of digital photography. Course topics include camera operation and image production, composition, flash usage, and use of exposure meters and filters. Upon completion, students will be able to use the camera for photographing various lighting situations and then download and manipulate digital photos using imaging software.

Class size is limited to facilitate personalized instruction. Please bring textbook (The Beginner's Photography Guide, 2nd edition (spiral bound preferred), ISBN: 978-1-4654-4966-5), camera, storage card, batteries, USB cables and manual.
