Continue the journey into the next level of Conversational Spanish. Students will spend time in class expanding grammar and conversational expressions while working on listening and speaking skills through a variety of activities. At home assignments will develop reading and writing skills. You will be encouraged to utilize your Spanish-speaking skills as you interact with your instructor and fellow students using appropriate greetings and guided conversations on familiar topics. You will practice all four language skills: reading comprehension, writing, listening comprehension and speaking. You will have fun and learn a bit of Spanish culture too!

This 8-week immersive next-level Spanish language course will pick up where Conversational Spanish 1 left off. Students should have completed Conversational Spanish 1 or have a basic working knowledge of basic Spanish prior to joining this course.

This course will be conducted 100% online with a combined synchronous and asynchronous format utilizing Microsoft Teams. You will meet together online each Monday evening at 6pm to practice speaking with one another. The remainder of the course will consist of assignments to be completed on your own time online. (\*No class meeting on Memorial Day, Monday, May 28. Instead, class will meet on Tuesday, May 29 from 6-7pm.)
