**To be eligible to participate in the competitive admissions process for Fall 2020, an applicant must complete items 1-8, with completion of each item verified by a staff member’s initials & date, by the above deadline.

___ 1. Complete college admission process:
   Submit a RCCC online application or reactivation form, official high school transcript (with graduation date) or GED scores, and official college transcripts (if applicable). For admissions information, contact Ellen Troutman on the North Campus at ellen.troutman@rccc.edu or Marcia Miller on the South Campus at marcia.miller@rccc.edu.

___ 2. Meet minimum placement test scores (ACT/SAT scores) or developmental coursework in English, Reading (DRE Composite of 151+ or DRE 098 or ENG 011/ENG111), Math (modules 1-3/Tier 1 or MAT 060), and Algebra (math modules 4-5/Tier 2 or MAT 070). Test scores must be current within the previous ten years or have completed equivalent college level English and math coursework, or recent high school graduates who meet certain academic standards.

___ 3. Meet biology and chemistry/physics competencies:
   • Completion and documentation of a high school or college biology course with a grade of “C” or higher**
   • Completion and documentation of a high school or college chemistry or physics course with a grade of “C” or higher
   ** If BIO 168 or BIO 169 is used for this admission requirement, a grade of “C” or better is accepted. Please note that to use either of these courses to fulfill general education program requirements, a grade of “B” or higher is required.

___ 4. Complete Individual Admissions Eligibility Review Session: Contact Ellen Troutman (North Campus) or Marcia Miller (South Campus) in the Academic and Career Advising Centers.
   ellen.troutman@rccc.edu
   marcia.miller@rccc.edu

___ 5. Attend a required Radiography Program Information Session within twelve (12) months of admission deadline. Registration is required. Go to www.rccc.edu/healthinfosessions to schedule. Sessions will take place at the RCCC – North Carolina Research Campus (NCRC). The address is 399 Biotechnology Lane, Kannapolis, NC 28081, Room 115, 1-3pm (unless otherwise indicated).

___ 6. Submit a Fall 2020 Admission Eligibility Review Form
   File reviews for Fall 2020 eligibility will occur only on applicants who have submitted this form. This form is required each year, and you must meet with your assigned advisor Ellen Troutman (North Campus) or Marcia Miller (South Campus) to complete this form. See contact information above.

___ 7. Applicants must be 18 years of age by the first day of the first semester of the program.

___ 8. *Verify Student Contact Information & Program of study for accuracy.
Rowan-Cabarrus Community College
Radiography Program

After completion of Fall 2020 RAD Minimum Admission Requirements (MAR):

Program Admission Testing and Point System Evaluation
The RCCC Testing Center will offer testing for qualified applicants tentatively administered in February/March 2020. Eligible students will be sent information on testing and the point system in late January 2020. Kaplan or ATI TEAS test scores from 2019 or 2020 are accepted. Only students who meet the qualifying score(s) will continue on to the point system evaluation for ranking to determine contingent acceptance status or placement on an alternate list for Fall 2020 admissions.

Applicants will receive notice of contingent acceptance or alternate status in April 2020. The RAD program accepts 22 qualified students to begin each fall semester.

Completion of the following is required only for those who have been offered conditional (contingent) acceptance into the radiography program. In late April 2020, a Radiography Health Packet Information Session will provide information and forms for the following:

- Current CPR/AED Certification: BLS Healthcare Provider level, preferably taken at RCCC.
- Background Report/Drug Screen: Clinical facilities require criminal background checks and drug screening for students assigned to their facility for clinical education. In addition, the national and/or state registry and licensure boards may prohibit eligibility for registry or licensure based on a felony conviction.

Denial of facility access to a student to participate in clinical site rotations based on criminal background check and/or drug-screening results prohibits the student from receiving a secondary placement in another facility. The student will NOT be able to meet competencies required for progression in the program.

- Physical Examination/Current Immunization Documentation

***For more information about the Radiography program, go to www.rccc.edu

1. Select the “Blackboard” link on top right of homepage.
2. Under “Let's Get Started” enter the following credentials:
   Username: rad.student
   Password: Ra$t829*
3. Under “My Organizations”, select RCCC-Radiography Information Session
