2.2 Seconded by: Alex Benton, Equality Club

3. Reports

3.1 President's Report

June 18, 2026 | 10:00 a.m. | North Campus

I had the privilege of assisting with decorating and preparing for the SOAR Graduation Reception. During this time, I was able to wish many of our graduates well before they crossed the stage. It was truly an honor to be part of such a meaningful milestone and to celebrate the dedication, perseverance, and accomplishments of our SOAR students.

June 18, 2026 | 11:00 a.m. | South Campus

I attended the SOAR Graduation Ceremony to celebrate the achievements of our graduates. Following the ceremony, I had the opportunity to personally congratulate many of the graduates during the reception. Sharing in this moment of success and recognizing the hard work of our students was both rewarding and inspiring.

July 21, 2026 | 6:00 p.m. | Cabarrus County Commissioners Meeting

I attended the Cabarrus County Commissioners meeting to represent our students and support the proposed bond referendum that would expand our South Campus. It was encouraging to hear community leaders, educators, and advocates speak about the importance of investing in higher education and the opportunities it creates for current and future students.

I am pleased to report that the Commissioners voted unanimously, 5–0, to place the bond referendum on the ballot. This marks an important step toward expanding educational opportunities in our community.

If approved by voters, the expansion would help increase classroom capacity, reduce student waitlists, improve access to modern equipment and learning spaces, and better support students across a variety of academic and workforce programs. These investments have the potential to strengthen the student experience while preparing our college to serve a growing number of learners.

This initiative represents more than an investment in buildings—it is an investment in students. It reflects a commitment not only to those of us enrolled today, but also to the generations of students who will follow. As student leaders, we have the

opportunity to think beyond ourselves and support a vision that expands access, opportunity, and success for future Navigators.

3.2 Club Reports

Future Business Leaders of America Collegiate (FBLA) - In June FBLA traveled to Las Vegas for National conference. Attended workshops and had great leadership experience. Looking to recruit new members.

All other clubs " No report at this time"
